**information within the fields below (i.e., names, affiliation, etc.) as it will be sent for blind review.**

**NOTE: Qualitative research involves the conduct of original research that typically uses non-numerical data in an effort to understand phenomena, concepts, thoughts, or experiences. In-depth insights are gained through a variety of methods, including interviews, focus groups, and participant observations. Qualitative research is exploratory and seeks to explain 'how' and 'why' a particular phenomenon, or behavior, operates as it does in a particular context.**

**\* 16. Qualitative Research Introduction**

- 875 characters (including spaces) or less
- Problem, literature review, significance, purpose, research question(s)
- Theoretical framework

**\* 17. Qualitative Research Methods**

- 1050 characters (including spaces) or less
- Approach (phenomenology, ethnography, grounded theory, narrative analysis, inductive thematic analysis, etc.), data collection (observation, interview, focus group, survey, etc.), setting, sample selection

**\* 18. Qualitative Research Results**

- 1050 characters (including spaces) or less
- present findings
- discuss rigor, trustworthiness of analysis

**\* 19. Qualitative Research Discussion**

- 1400 characters (including spaces) or less
- Synthesis/conclusions, relevance, impact, limitations, recommendations

**20. Qualitative Research Funding Sources <200 characters (including spaces) or less>**  
(Leave blank if none.)

\* 21. Qualitative Research Conflict of Interest <Specify conflict of interest, if any. 400 characters (including spaces) or less>

**NOTE: Quantitative research involves the conduct of original research, with an emphasis on reporting quantitative research method used, objective measurement of variables, statistical analysis of collected data, and conclusions based upon results of statistical analyses.**

\* 23. Quantitative Research Introduction

- 875 characters (including spaces) or less
- Problem, literature review, significance, purpose/aims, hypothesis, research question(s)

\* 24. Quantitative Research Methods

- 1050 characters (including spaces) or less
- Design, intervention, setting, sample, measures, statistical analysis techniques

\* 25. Quantitative Research Results

- 1050 characters (including spaces) or less
- Statistical analysis results

\* 26. Quantitative Research Discussion/Conclusion

- 1400 characters (including spaces) or less
- Synthesis/conclusions, relevance, limitations, recommendations for future research

27. Quantitative Research Funding Sources <character limit: 200> (Leave blank if none.)
